

FIDO's Companion Rescue Inc. is a small, non-profit dog rescue who is desperately in need of loving foster homes for their dogs until they are adopted. We do not take in owner relinquishments. We take in dogs from death row in local kill pounds and fully vet them including all vaccinations, spay & neuter.

We will provide:

- ❖ a crate for our dogs
- ❖ cover any medical care they require
- ❖ access to our experienced dog trainers to help socialize & train your new foster dog
- ❖ All you do is provide the dog food and love!

What does fostering a dog mean? This is simple! Fostering a dog means you will provide a temporary indoor home for one of our rescue dogs. You will provide them with food, exercise, basic training and LOVE until they are adopted.

How long will I need to foster a dog? The length a dog will be in your home can vary. Some dogs get placed right away and others may be in foster care for several months until the right home is found for them.

How do I become a foster home?

Contact Michelle at 440-666-3705 or mreichlin@roadrunner.com

Submit a foster home application at www.fidoscompanion.com

Allow a rescue volunteer to come do a home visit so we can match the right dog with your environment so your fostering experience is a success!
